

Centerline Veterans Apprenticeship Program

Getting Started

Centerline Drivers is partnering with FastPort to help veterans find meaningful work in their civilian life. Military veterans are great candidates to become CDL drivers with a variety of applicable skills to transition roles. Through our VA-registered Veteran Apprenticeship Program, you can put your newly obtained skills to work as a Military Apprentice Truck Driver.

What does the program include:

- This is a National Department of Labor Apprenticeship program providing focused and comprehensive industry training
- “Earn While Learn” training model where apprentices will receive wages as they train to be a driver
- A National Credential certificate at the end of the program awarded by the Department of Labor

What are the requirements?

- Must be a military veteran
- A valid CDL Class A license
- No more than 2 moving violations in the previous 3 years or no more than 1 moving violation and 1 accident in the previous 3 years
- 22 years of age; Willingness to learn
- A required minimum of two years active-duty time (within the last five years) for the occupational fields listed here.

Program Specifics:

- You may also be eligible for your MHA benefits through the Post-9/11 GI Bill while enrolled in our Veteran Apprenticeship Program.
- The amount of benefits you will receive varies by zip code, but the average is \$1,500-2,700 a month
- 4,000-hour training program with a dedicated trainer/mentor (24-months)

Centerline is here to support your transition and is ready to hire veterans to be qualified truck drivers.
