

# DELIVERY DRIVERS

**The growing e-commerce demand has greatly impacted the transportation industry, changing the way you do business.**

In order to address this, we have expanded our service to include staffing for non-commercial drivers. By utilizing our delivery driver service you will be able to maintain consistent coverage to meet new demand and increase productivity by reducing the time spent on the details of your driver workforce.

## **DRIVER-FOCUSED**

**Keeping our drivers happy and safe is just as important to us as it is to you to ensure a qualified and stable workforce.** That is why we've created a team environment for our drivers that is professional, courteous, resourceful, and respectful. Our drivers are provided with stability, recognition, and reward. Each driver completes a rigorous screening process that requires they be DOT-qualified, complete safety training, and pass an integrity test. Safety is at the core of everything we do because it's important to us that our drivers make it home every night.
